## PRESS RELEASE

**Carry it Easy™ lets you take your Firefox Bookmarks everywhere with you.**

**Carry it Easy brings freedom, mobility and usability to users of any kind of USB Flash Drive.**

Jan-2006 - CoSoSys announces that its popular Carry it Easy software now also supports features for Firefox users by making their Bookmarks portable and offering them No Trace Browsing with Firefox.

The Mozilla Firefox browser has achieved an impressive market share of over 20 percent in Europe according to recent figures released by French Web metrics firm XiTi. More people are using Mozilla Firefox in their every day life. Carry it Easy goes with this trend in making user's work easier.

The Internet function of Carry it Easy provides the users with several advantages: Carry it Easy lets the users synchronize, consolidate and access Firefox Bookmarks from any computer.

Carry it Easy works with all USB Flash Drives and a 30 day trial version of the software can be downloaded at [www.carryiteasy.com](http://www.carryiteasy.com) or be purchased for US\$ 24.95. Carry it Easy is compatible with all USB Flash Drives, including the new U3 smart drives.

Carry it Easy offers a great alternative for Firefox users: the Bookmarks can be accessed from any computer in the No Trace Browsing mode.

In this way, users of Carry it Easy and Firefox can enjoy the protection of their privacy when using the stealthy No Trace Browsing mode of Carry it Easy. With this function all the privacy related data like Cookies, History and other temporary files are saved on the portable storage device and not on the PC used when browsing the web.

In the No Trace Browsing mode the user can surf the Internet without leaving a trace behind on the host computer.

An intuitive and friendly to use interface makes the job even easier and allows access to different options. From desktop and documents synchronization to portable e-mail, from password protection to the unique USB Lost & Found. All the functionality you need in combination with your Flash Drive is there in Carry it Easy.

**Company profile** CoSoSys SRL is specialized in the development of software for portable storage device enhancement. The application portfolio includes functions from password security to data synchronization. CoSoSys distributes its products globally through world's leading hardware manufacturers, and also directly to consumers at [www.cososys.com](http://www.cososys.com). CoSoSys enjoys a continuously growing installation base of users worldwide. The company is headquartered in Cluj-Napoca, Romania and has sales representatives in the United States and Germany.
